

Download Fortis Revolution

1. Go to <http://translate-now.net/>
2. Click “Purchase” along the blue bar at the top of the page.
3. If you have a coupon code, enter it in the “Promotion Codes” section of the webpage and click “Apply Coupon.”
4. Click “Proceed to Checkout.”
5. Fill in the required information and click “Continue Checkout” until you arrive at the download page.
6. Once at the download page, you will see your “Registration Key.” (See red arrow in Figure 1: Download Page, below.) You will need this in step 9, below.

7. On the same page, you will also see a download link that you can use to re-download the software any time you need. (See blue arrow in Figure 1: Download Page, above.) Click on the link at this time. This link will also be sent to you via email—please save it so that you can re-download the program as needed.
8. Click “Save File” when you get a dialogue box asking you to save the setup file. (See Figure 2: Fortis Setup File Popup Window, below.)
